1 Your name with the designation

Martin Verner

2 Rate the Training (1 being worst and 5 being best):

3 Is it okay to share your feedback on our social media platforms?

Yes

4 What did you love most about the training?

Both theory and applied through demos

5 What could have been improved or better?

I would have preferred to skip some of the basics. I knew a lot of it already, like call stacks, heap Vs young etc. This started for absolute Beginners.

6 How likely are you to recommend this training to your friends and colleagues?

1 Your name with the designation

Pedro Mora

2 Rate the Training (1 being worst and 5 being best):

3 Is it okay to share your feedback on our social media platforms?

Yes

4 What did you love most about the training?

Very knowledgeable, lots of useful information, tips and tricks for troubleshooting

5 What could have been improved or better?

There was no practical exercises, it would be good to have some sort of lab section where we can attempt to find the issue in a problematic application
